## ARREST OF FOUR ANTI-CONSCRIPTION AGITATORS

CENTRAL ALBANIA  
HELD SECURELY BY  
THE ITALIAN ARMY

(By Associated Press.)  
ROME, May 31.—The Italians have occupied the towns of Cereveda, Veloz, Osoja and Cafa in the central part of southern Albania.

(By Associated Press.)  
The battle front from Gorizia southward towards the head of the Gulf of Trieste remains the only theater where for the moment hard fighting is in progress. Even here, however, the intensity which characterized the operations last week, is lacking.

On the front in France, where Field Marshal Haig's forces are facing the Germans, the operations by neither side have risen above minor attacks for several days, consisting mainly of maneuvers by small raiding parties and artillery duels of a moderate degree of strength. Wednesday also passed without infantry engagements between the French and Germans, although their respective guns took part in spirited artillery duels south of St. Quentin and in the Champagne.

The Russians and Austrians in the eastern theater are fighting in more lively fashion than for months. This is particularly true in east Galicia, where several days ago the Russians began an offensive. As yet the Petrograd war office has made no comment on the situation as it now exists in this region, nor has the Austrian official communication given any idea as to the extent of the hostilities or an intimation of the exact zone where the fighting is going on. The anticipated commencement of hostilities by the Russians and Rumanians in Rumania has not yet materialized.

Between Jamiano and the head of the Gulf of Trieste, the Italians have again cut into the Austrian line and occupied positions west of the vil-

LINES AT SEVERAL POINTS  
ARE REPULSED

(By Associated Press.)  
PARIS, May 31.—Germans attacked French lines in Champagne with extreme violence at several points. In some places the attacks were checked by French fire, and at others at the point of the bayonet. The Germans retired each time after heavy losses.

(By Associated Press.)  
COPENHAGEN, May 31.—General von Buelow, formerly commanding the German forces on the Monastir front, was recently brought across Europe to command the Arras front.

SOCIALIST LEADS  
PEACE MOVEMENT

(By Associated Press.)  
NEW YORK, May 31.—Resolutions favoring "an early, general and democratic peace," and urging the United States government "immediately to announce its war aims in definite and concrete terms," and to make efforts to induce the allied countries to make similar declarations were passed last night at what its promoters termed the "first American conference for democracy and peace," held at Madison Square Garden. The resolutions were offered by Morris Hillquit, chairman of the resolutions committee, one of the American Socialists who recently was refused a passport by the state department to attend the Socialist conference in Stockholm.

"We favor international re-organization for the maintenance of peace," said the resolutions in part. "As steps leading thereto, we suggest the adjudication of disputes among nations, simultaneous disarmament,

lage of Medezza thereby bringing their right wing closer towards Duino and the railway line leading toward Trieste. The Austrian war office reports the repulse of Italian attacks near Jamiano, while a similar claim is made by Rome for the Italians with regard to Austrian attacks to the north of the Julian front.

In addition to the unsettled political situation in Russia, the latest phase of which is the reiteration by the organ of the soldiers and workmen delegates of the policy of no indemnities or territorial aggrandizement, Russia is facing a serious economic situation. The food minister has informed the congress of officers delegates that the wheat shipments are still far from normal, that peasants are suspicious of paper money and that the iron supply is far short of the requirements of the munitions factories. Unless great sacrifices were made by the people, he said, Russia is on the eve of a catastrophe.

FINNISH AMNESTY  
OFFICIALLY STATEDRUSSIAN PROVISIONAL GOVERNMENT  
REMITTS SENTENCES  
FOR FINES

(By Associated Press.)  
PETROGRAD, May 31.—The provisional government on the proposal of the Finnish senate, proclaimed complete or partial remission of sentences pronounced on Finnish citizens for crimes or offenses committed prior to March 20th of this year. The government also decreed repressive measures against the abuse of alcohol. Persons getting drunk or drinking to excess in public places are liable to 18 months imprisonment. Those drunk while committing crimes are liable to penal servitude for six or eight years.

(By Associated Press.)  
MADRID, May 31.—According to the newspapers, constitutional guarantees will be suspended again in two or three days. Former Premier Count Romanos declares the situation in Spain is becoming graver and more confused every hour.

TREASON BREEDERS

GERMANY WILL NOT BE  
GIVEN A CHANCE

(By Associated Press.)  
NEW YORK, May 31.—Special orders have been given to government officials throughout the country to keep close watch upon meetings at which there is likely to be agitation against registration under the war army act and prepare to arrest speakers who encourage violations of the law. Although the department of justice is satisfied that German influence and money is behind the efforts in various sections to interfere with registration, it is officially stated that the influences are regarded as local and sporadic, and not inspired by any serious organized effort.

TEDDY HITS FROM SHOULDER  
AT EMASCULATED SLACKERS

(By Associated Press.)  
MINEOLA, N. Y., May 31.—Theodore Roosevelt addressing several thousand of his Nassau county "neighbors" at the fair grounds here yesterday appealed to the wealthy among them not to employ labor to beautify their estates while the country is at war. Lifting his hat and pointing to a huge American flag nearby he urged those present "to come to the front in an eager desire to serve with their bodies, with every quality of their souls, and spirit and mind, with their service, labor and military skill and not stand upon words, but in deeds for the one flag that floats over us—that flag which holds in its folds the future glory of mankind."

"Do not think in terms of self-sacrifice, but in terms of service," he said. "I do not pity a man who has a chance to risk his life for

TONOPAH STARTS THE LIST  
OF LIBERTY LOAN SUBSCRIBERS

The executive committee entrusted with raising the Liberty Loan in Tonopah met last evening in the Elks lodge rooms with an attendance of almost the full membership. John M. Gregory, of the Tonopah Banking Corporation, president and Chas. J. Smith acted as assistant secretary.

After discussing the best method to pursue the chairman read a communication from the federal reserve banks to the effect that persons contributing to the Liberty Loan and, afterwards requiring money, would be accommodated. The statement was received with applause and many expressed the belief that this liberal policy would remove the last stumbling block in the way of a most generous response to the call.

Frederick Bradshaw explained that the Nevada mine operators' association had already taken action on the subject of encouraging permanent employees to subscribe for bonds to the fullest extent by adopting some such plan as that which met with such ready response in the big manufacturing centers of the country where employers are affording every opportunity for their employees to do their share in helping the government. Mr. Bradshaw stated that the subject had been under advisement by a committee of the mine operators which would report in the course of a few days.

After an animated discussion in which the members of the committee gave their opinions of the best way of getting a full representation for Tonopah, it was resolved to district and sub-district the city and county and make a fine comb canvass so that everybody will have a chance

to show their willingness to share in the privilege.

The full amount raised will go for the purchase of bonds as all the preliminary expense will be met by voluntary subscriptions from the committee each of whom was assessed last night sufficient to cover current expenses.

The following subscriptions have been received:

Tonopah Banking Corporation, Marshall Roberts Brown, Miss Marjorie Brown, Hugh H. Brown, Jr., Mrs. H. H. Brown, Hugh H. Brown, James Humphrey, H. W. Albert, Mrs. H. W. Albert, Edwin John Harper, James C. Blair, Malvina Reynolds, R. J. Highland, Jack Sherwin, Jr.,

American Torpedo Launcher  
Used by the German Navy

(By Associated Press.)  
NEW YORK, May 31.—Ideas embodied in Rear Admiral Bradley A. Fiske's invention of a torpedo-launching seaplane, have been "appropriated" by the Germans and were used by them in torpedoing the 3000 ton British steamship Genoa off Aldenburgh, May 17, according to a statement given out here last night by the Aero Club of America. Two seaplanes participated in the attack, and one was brought down by the British.

The charge of theft against the Germans is based on a sketch of the captured German seaplane, which shows that the arrangement for holding the torpedo is exactly like that in Admiral Fiske's invention. The British admiralty in reporting the torpedoing of the Genoa claimed that this method of attack was practiced successfully for the first time in August, 1915, by royal navy air service pilots who sank several ships in the Dardanelles.

The convention declared international regulations would constitute a guarantee of lasting peace. The resolution was read from the city hall balcony to a cheering crowd until Austrian authorities intervened.

Gaetano Malpiede, a superior court bailiff, after a hard drilling by Attorney Ferrari, admitted that maybe he wrote the name of Daniel Kelly on the venire list in the Renna Mooney case, because Kelly asked that he be called for jury service if he could arrange it. Court Clerk Frank Butler, suspended because Kelly's name was not on the great register list of jurors, was completely cleared by the bailiff's admission.
